

By choosing C. HAFNER semi-finished products, you are free to concentrate on the creative process. This saves time, material and money right from the start.

Ring blanks, loops for bracelets and creoles made from seamless tube, and settings help you to quickly transform your ideas into finished items of jewellery.

You can find our range of products in the Internet at www.c-hafner.de

There you will also find special offers which change daily. Check out **Goldsmiths > Precious metal remainders** for the latest bargains.
